On Saturday, we went to London.

The first thing that we did was a tour with one of the teacher of the college around London, to see the most famous monuments, like, Big Ben & The Houses of Parliament, London Eye, Buckingham palace, Trafalgar Square and Leicester Square.

Luckily, London was decorated with Christmas Lights, so it was more beautiful than usual.

And after that we had free time.

In the free time, I went with my friends to China Town, Oxford Street and we visited a lot of shops, like the M&M's shop or the LEGO Shop.

For me, London was the best part of the trip.
